

Online Education Courses

One-hour online courses for professional development, community awareness, and education.

- » **Recognizing & Reporting Child Abuse & Neglect.** Learn the indicators of different types of abuse, and when and how to intervene.
- » **Real World Safety: Protecting Youth Online and Off. A Bullying, Cyberbullying, and Digital Safety Course.** Learn the risks to children from bullying, online and off, and other risks associated with technology use. Become educated and empowered to help children and teens stay safe, both online and in the real world.
- » **Protecting Children from Child Sexual Abuse.** Learn about this epidemic that affects 1 in 10 children and how to better protect them.
- » **Preventing, Recognizing, and Responding to Human Trafficking.** Learn how this modern-day slavery is affecting children and teens and what can be done to stop it.
- » **NEW! Online Child Sexual Exploitation.** Learn what online child sexual exploitation is and how to better educate children and teens to help protect them from various types of online exploitation.

Visit www.mbfpreventioneducation.org (Learn More/Online Trainings) for information or to enroll in courses.
